

ACTIONS YOU CAN TAKE:

**KEEP OUR
WATER CLEAN—
USE PUMPOUTS**

- Never dump raw sewage into California waters.
- Use public toilets onshore before departing.
- Use a pumpout facility to dispose of holding tank wastes.
- Visit www.dbw.ca.gov for California pumpout locations.
Click on the *Clean and Green* tab.
- For small boats, use a porta-potty and dispose of wastes in an onshore dump station or toilet.
- Keep the "Y" valve properly secured in the closed position when navigating inland waters or less than three miles offshore to prevent accidental discharge.
- Reduce the use of chemical additives containing formaldehyde, quaternary ammonia and chlorine.

REGULATORY REQUIREMENTS:

Federal Water Pollution Control Act (33 U.S.C. 1311 et seq.):
Discharges of untreated sewage are prohibited within the navigable waters of the U.S.
